

PIKES PEAK  
COMMUNITY  
FOUNDATION

# 2023 IMPACT REPORT

2023 was a remarkable year for the Pikes Peak Community Foundation and the region we serve. Through the generosity of our supporters and the dedication of local changemakers, we strengthened our communities, expanded opportunities, and deepened our impact across El Paso and Teller Counties. As we celebrate these achievements, we look ahead to 2024 with even greater excitement—embarking on a bold new chapter as we launch our five-year strategic plan. Timed to coincide with our 100th anniversary, this plan will chart a course for the future of the Community Foundation. The road ahead is filled with possibility, and we invite our community to join us as we shape the next century of impact together.
